

## Southgates & The Woottons Surgeries

### Salaried GP up to 9 sessions per week

We are looking for an enthusiastic, motivated and dedicated GP to join our well established practices. Southgates & The Woottons Surgeries is split over two sites offering a diverse range of work opportunities. We are a partnership of 9 GPs with 3 salaried GPs working alongside us.

Both sites are situated in areas undergoing substantial housing developments and are fully engaged with the CCG to provide tailored, efficient and accessible services to our local population. We have a combined list size of over 22,000 patients and provide our services to patients through a team of dedicated Doctors, Nurse Practitioners, Practice Nurses, Outreach Nurses, Health Care Support Workers and a robust and efficient administrative team.

The practice also offers minor surgical procedures to the local population, and would welcome applications from GPs with an interest in minor surgery. We are a friendly practice and have an established track record in recruiting GP Trainee's through to partnership. We actively encourage our GPs to pursue their specialisms for the benefit of our patients.

The practice:

- Has a dispensing population.
- Uses SystmOne.
- Is a training practice for both Doctors and Nurses.
- Has begun to undertake research.
- Runs PMS and GMS contracts.
- Has recently been rated 'Good' in all areas from the CQC.
- Promotes a flexible and supportive working environment.

If you are interested in joining us then please contact Emma Batchelor, Practice Manager for an informal chat or to arrange an informal visit.
